

Game Name : Molla Nasruddin

Game Version : 0.0.1

Game Developer : Mohammad Ehsan Nicksaresht (ID : S4037)

Game Created At : 17 july 2024

Game Programming Language : JAVA_v22.0.1

Game Language : Farsi/Dari (Herati)

Game Descreption:

1. This game is based on the famous Persian(Afghanistan/Iran) character Molla Nasruddin.
2. The game is a simple game where the user has to pass the obstacles(Thorn on the left side, moving bats on the top and moving trunks on the ground) without collision.
3. The user can control the game movement(direction) by pressing arrow keys(left/right) and space(jump).
4. The game has a score board which displays current score and your best score.
5. When the game is over, it asks you if you want to continue the game or stop playing.
